DO NOT ARRIVE IN COSTUME. Dress at the studio and keep your costume in a garment bag. Costumes and dance shoes should not be worn outdoors at any time. We recommend that you do your hair and makeup before you arrive.

Dress your dancer **EXACTLY** as you would for the show. All hair and makeup done as instructed, though makeup need not be as heavy as for the actual show onstage, Don't forget all costume items, hair and makeup supplies, shoes, tights, etc.

We request that you make every effort to attend your photo session, as we may use the photos for promotional purposes

Sibling shots are available without commitment to purchase; however, "FRIENDS" shots are available only with commitment to purchase

You may only purchase photos directly from our photographer. We do not deal directly with photo purchases. Their website is donnerphotographic.com

If you miss viewing photos at dress rehearsal, the photographer will contact you via email

Absolutely no parents will be allowed in the room where photos are being taken at any time. Drop your student off at the door with a teacher. There is just not enough room in the studio for parents to come in with their children

Never eat or drink (except clear liquids) in your costumes. If you do need to have a snack, please be sure to wear some sort of cover up to protect your costume.
